Live Free or Die The People’s last chance for America, and OUR UNITED REPUBLIC!!!

It is Time to Speak, Increase, and Spread Support

for a submitted Petition at Law before the Judge Advocate Division of United States Marine Corp who is the Original American Republic and American People’s Court Administrators at Law and Equity from Article III of the Constitution for the United States of America.

It has come to be revealed the current Civil Courts in the United States, the American Bar Association, and even the U.S. Supreme Court get their power of force from the Judge Advocate Division and Judge Advocate General Corps of the U.S. Military.

A new American People’s Common Trust has been prepared to resurrect the one that was allowed to completely dissolve by the U.S. Congress in 1964 which allowed NATO to be formed. The Trust includes a pledge of 6 acres of land on the original Liberty Bell grant from William Penn in the Colonial American Maryland State, and the Contributing Organization that has facilitated the new trust is directly adjoined to the Republican Assembly Charlotte County right here in Charlotte Florida but is for All American People from Sea to shining Sea.

The Summons and Petition are not asking for military deployment or troops but are simply asking for the Original American Militia Guardians (United States Marine Corps) to honor their sworn oath to protect from all enemies, foreign and domestic, by returning the American People’s Rights and Liberties to Petition for Redress of Grievances, Declare Fact at Law thru Trial by Jury, and Due Process of Law for Employees, those accused of crimes, and those who are targeted to protect their social reputation when sounding corruption, and defend rights and property that cannot be ignored or disregarded without accountability for Public Officers Poor Behavior.

THIS IS NOT A FUNDRAISER, BUT IS A TRUMPET SOUNDING FOR ALL PEOPLES IN AMERICA!!!

This action will return the Judge Advocate Generals to domestic duty and reopen the Courts that allow each Individual to exercise their American Constitutional Rights.

In addition, this will facilitate the Community authority to override legal rules and policies passed by School Boards, Commissioners, State Legislators, and even the United States Congress through the administration of Law in the American People’s Original Courts.

The Representative bringing the Suit for the American People has achieved direct communications and correspondence with the Judge Advocate Division, and if there was ever a time in American History, this is the time for the People to scream as loud as they possibly can, pledge their support, and if so inclined their property to be administered in these Courts and no longer the Federal and State Civil Courts pushing through and reclaiming our Lawful and True ownership of rights and property.

If you live anywhere in the United States of America, from Florida to Alaska and New York to L.A., this is your Individual time to Speak!!!

Please share and sign this petition to request that the Judge Advocate Division Main extend its reach to help the American People in desperate and troubling times for Our Nation by accepting the offered trust, and return to their domestic guardian posts at Law and Equity

The Republican Assembly Charlotte County and The Brotherhood in Tribulation of the American People are an adjoined American Private Membership Commonwealth Foundation that has

moved beyond party politics and set a goal about Human Rights and National Liberties through the re-establishment of Community Courts and Community Law Education so that each One Individual is empowered when necessary to pursue their dreams and exercise their rights regardless of riches, social status, or political influence.
Each will decide for themselves what to pass and what shall be stowed, what is acceptable, and what needs redress.
